

Summer Teen Challenge

Boys & Girls Grades entering 6-8

The Summer Teen Challenge is designed to get teens involved in their community and push them out of their comfort zones. This one week program is highly structured with different trips and activities planned for each day, and participants are expected to commit fully. The objectives of Summer Teen Challenge are to enhance socialization and communication skills; help participants to learn to trust others and value relationships; encourage responsibility, reliability and resourcefulness; identify and expand individual interests and unique abilities, improve self-confidence and self-esteem; and increase participants' awareness of their community's history and environment. **Bring a bagged lunch, snack and plenty of water each day! Price includes admission for all trips.**
